

JURCHEN TECHNOLOGY CABLING PHOTOVOLTAIC SYSTEMS SINCE 2005

THE BEST IN DC CABLING

✓ **Jurchen Technology DC cabling system**

✗ **Conventional DC cabling system**

Cost savings

- less material
- short assembly time
- smaller DC-Combiner box

Reliability

- insensitivity due to fewer components
- long-life due to high quality materials
- highest quality standards to ISO 9001 / TÜV

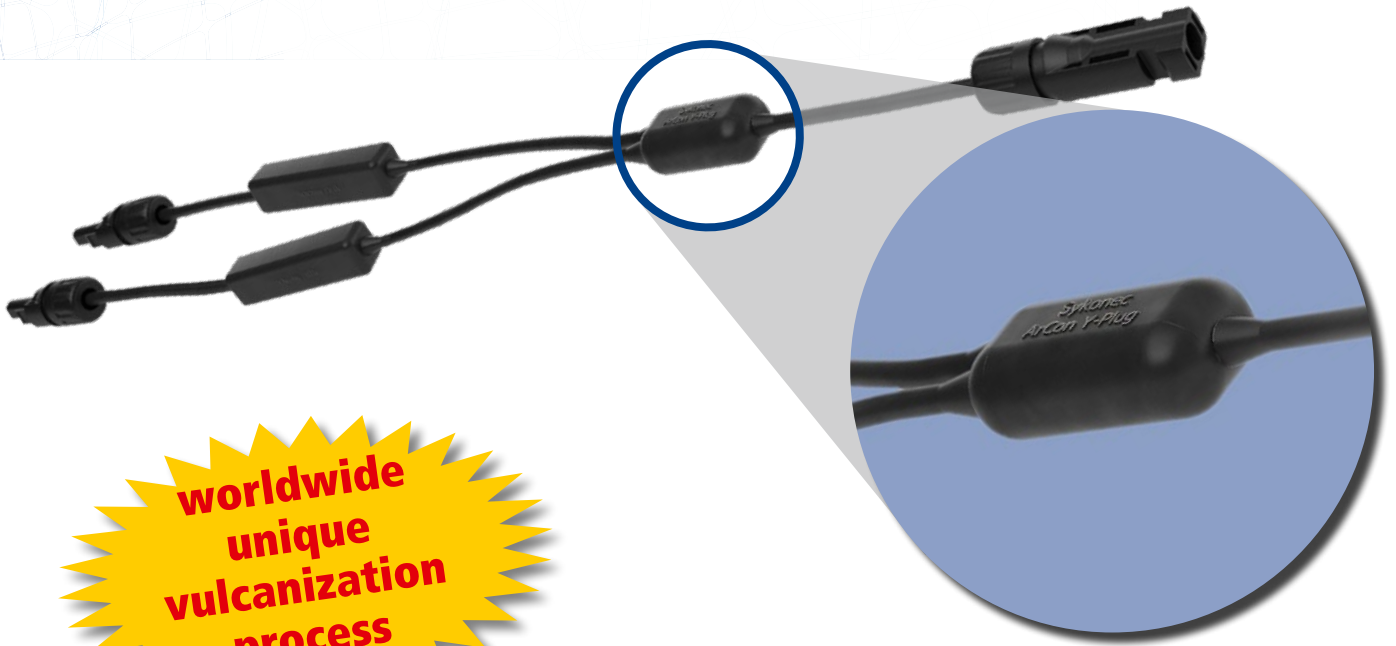

Efficiency

- less contact resistance
- perfect isolation
- less leakage currents

**up to 50 %
cost savings
for cables**

JT-JuCon DC Y-Plug

Advantages:

- available in 1000 and 1500V
- highest quality made in Germany
- less susceptibility to repairs
- guaranteed waterproof
- seamless transition between cable and plug
